

1. In retrospect, what could you have done better to reduce the time you spent solving this homework?
 - a. I could have started the homework earlier and also went to office hours earlier. I also should've read the document more deeply.
2. What could we, the teaching staff, have done better to improve your learning experience in this homework?
 - a. Some test cases provided on submittity are hard to debug on my own, so it couldve been easier if there was more information about how to trace through my errors.
3. What do you know now that you did not know before beginning the homework?
 - a. I now know how to utilize BFS using my graph implementation, as well as how to parse using java. I also brushed up a lot on my data structure knowledge and learned about runtime and code correctness.
